If there are any questions, please contact Crystal Battarbee in the IQA office at iqa@quilts.com. More information is included in the following packets.

IF YOUR QUILT IS NOT LISTED ABOVE:

From the field of quilts entered, it is obvious our members send only their best efforts to this competition. While we would love to hang every quilt entered, the reality is that our show was limited to 65% of the quilts entered this year, and those were selected by a jury. Narrowing the entries was a very difficult task. If your quilt is not listed above, we regret that it was not selected for this year's show.

There are many reasons why an entry might not be chosen for a particular show. Due to limited exhibit space, many nice pieces may be eliminated simply because of numbers, and the field of competition in the show certainly plays a part. In any show where entries must be juried from visuals, the quality of the image is very important, as well. The display of the quilt, dark images, small images, or those that are of low resolution can put a magnificent quilt at an unfortunate disadvantage.

We applaud and appreciate the creative efforts of all our members, and we hope you will be able to attend this year's show. Most importantly, we encourage you to continue to participate in future IQA shows.
