

## 2012 IQA GRANT PROGRAM

Please read carefully the enclosed materials in submitting your application to the International Quilt Association for funding through our grant program. Pay particular attention to the items under **FUNDING** and **ELIGIBILITY**. Grants will be awarded only to members of IQA. Non-profit organizations or museums who have a person within that organization who is a member of the International Quilt Association will be considered first.

A *Letter of Agreement* will be forwarded to the grantee upon the committee's selection and board approval. This Letter of Agreement must be signed and returned to our office before a check will be issued for partial or full funding of a project. This Letter of Agreement includes these conditions:

- ❖ IQA will report to the membership through the newsletter/journal the grantee's final report in whole or part. This can be done with the grantee's copyright, if so desired.
- ❖ IQA retains the option to publish all or part of any papers, essays, or reports resulting from a project in which IQA funds are used.
- ❖ Papers, catalogs, or books that are published by the grantee as a result of funds from the grant shall acknowledge the International Quilt Association in the credits.
- ❖ A copy of any published works shall be forwarded to the International Quilt Association at no charge.
- ❖ A six-month interim report is due by May 15 of the year following the awarding of the grant. A second (or final) report is due by October 15 of the same year. If the second report is not the final report, then the final report is due when the project is completed.
- ❖ Grantees other than non-profit organizations, who use the grant funds to make tangible objects that may be sold at a later time, shall forward to IQA 15% of the selling price. These funds will be placed in the IQA grant program.
- ❖ Projects that have a tangible object(s) may be selected to be exhibited in IQA's annual exhibit, "**Quilts...A World of Beauty.**"
- ❖ If grant funds are not used for purposes stated in original grant application, all funds must be returned to IQA immediately.
- ❖ Should a project that has been awarded IQA grant funds make a profit, 100% of said funds must be retained in the IQA grant fund. If grantee is a non-profit organization, funds may be used as seed money for continuing the project with the permission of IQA, and the organization must complete a final report before money will be returned to the grantee.
